I remember Joyce when I attended the Vo-Tech in the early 1980's. She was a wonderful role model and mentor for the students with an infectious smile and an endless supply of knowledge. Back when it was called OEA, the Columbus chapter received the National Chapter of the Year award in 1983 (I believe), thanks to great instructors like Joyce. May God bless you all and think of the wonderful memories you shared to get you through the hard days ahead and you will see her smiling face again!

Aunt Joyce and Uncle Maurice certainly were the salt of the earth. We need more people like them. I had lots of fun going to Kansas in my younger days and seeing all my relatives. My mom and dad had a blast with Joyce and Maurice running around and playing games. So sorry that they are all gone but know they are all in a much better place. Love you all, from Joe and Joy Ross
