“ Beautiful eulogy and service for Mark and Debbie. I work at PSU and knew both of them. They were wonderful people and they will be missed. Several years ago, I sold Debbie some countertops that had been removed from my kitchen during a remodel. When she came to pick them up, she was so excited to get them. I'm sure she had big plans for them that most likely involved extra work for Mark. I believe Debbie met everything in life with that kind of enthusiasm. I look forward to seeing both of them in Heaven one day.

“ I worked with Mark in the Physical Plant. I'm the accountant here so we worked together alot on different projects and he brought all the carpenter receipts to me. Lots of times he sat in my chair and we just visited. We talked about family, how cold or hot it was outside, and just this and that. And if he was just passing through, he always popped his head in to say hello as he did with most everyone. I always loved to visit with Mark. He was such a special person. He will be missed by so many here at the Physical Plant and definitely by me.
